In this workbook you’ll find information on lodging, meals, activities, meeting spaces and all of the necessary forms to ensure that your group has the best experience possible.

For those who have already selected us, please read through the booklet and mail, fax or email us the separate pages as you complete them.

YMCA Trout Lodge & Camp Lakewood serves more special-needs groups than any other organization of its kind - and many of our campers include the entire family. We serve children with cancer, HIV/AIDS, Diabetes, Asthma, missing limbs or parts of limbs, Crohn’s Disease, sickle-cell, Lupus and visual impairments. We have specialty camps for adults with cancer, hemophilia, disabled veterans and surviving families of police officers killed in the line of duty. The YMCA also works with many school groups for team building, peaceful conflict resolution and outdoor education to improve classroom performance.

In one year alone, our Annual Campaign raised $350,000 to help those most vulnerable in our community. Many of these donations came from our YMCA guests and group participants. However, we provided over $450,000 for financial assistance programs and services each year. The need grows each year.

Your sales representative is the person with whom you will organize the details of your group’s stay. However, if you are unable to reach him/her, any of the people listed throughout this workbook will be able to assist you during regular business hours (9-5 Monday through Friday). We appreciate your interest in our facility and will strive to give you the customer service you expect and deserve.

Please ask your group participants to consider a charitable donation to help others in their community who are suffering. Contact our Director of Group Sales at 888-386-9622 ext. 233 to make a gift in the name of your group.

ADVENTURE ACTIVITIES

Adventure Activities

Adventure activities are those heart pounding, breath-holding and adrenaline-pumping adventures that involve swinging and climbing your way to conquering your challenge. There is a 280 lb. weight limit. All swings, climbing towers/walls/rappelling and zip lines require the participant to wear a helmet and be harnessed in. Additionally, participants in all climbing towers/walls/rappel activities are held by a belay system (safety rope).

Alpine/"Superman" Swing: A thrilling combination ride of a brief free fall and swing. Be pulled up by those on the ground to about 30 feet in the air. By letting go of the release cord, you “swing” over a distance of about 60 feet. You decide whether you want the traditional or “Superman” style ride.

Alpine Tower: A 50-ft hourglass shaped climbing structure.

Break Out Room: Unearthed during a recent archaeological dig is the Jesse James Mystery Chest. By solving riddles and puzzles, the locked boxes can be opened to reveal the secrets.

Gladiator Zip: A zip line with a twist – jousting. Run off the platform and zip over the valley trying to hit the target with your lance.

Moonlight Swing: Get lifted up 30 ft into the air for an exciting combination of a brief free fall and swing... in the dark.

Moonlight Zip: A zip line done “by the moonlight”, where you will run off the platform & into the night.

Pines Peak: A 35-ft vertical climbing wall which provides a climbing challenge for all experience levels (with new Climbing Wall Volumes).

Pines Peak Rappel: Climb the 35-ft Pines Peak rock wall with new climbing volumes, then rappel 35-ft from the top to the group.

Pines Pole Zip: Climb the 35-ft Pines Peak, cross the beam 35 feet above the ground, then zip down the 250-ft Pines Zip.

Pines Zip: Climb a 35 ft. pole and then zip down a 250-ft. long zip line.

Special Agent Zip: Step up to the zip and test your special agent skills! Try to hit all 10 targets with your paintball marker while zipping through the trees.

Water Blast Zip*: A zip line crossed with a water gun fight. Step up to the zip, run off the platform and get blasted with water as you zip! Great for cooling off on a hot summer’s day! *This is a seasonal activity

Choose one of the challenges available on one of the largest and most unique ropes courses in the Midwest:

Summit Explore & Rappel: Explore the course across a number of elements 15 to 40-feet in the air, rappelling out through the giant spider’s web.

Summit Zip: A 400-ft zip line. Climb 35 feet up a telephone pole where you’ll be attached to the zip line. Next, sit down and “fly” down the cable.

ACTIVITIES GALORE – WATER ACTIVITIES

Water Activities

It’s fun in the sun where the water is cool, the sun is warm and the lake sparkles, beckoning you to jump on in. These seasonal activities are just waiting for you - take a dip, a swim, a paddle, a jump or walk in Sunnen Lake.

Lake Swing: The lake swing, much like many “watering holes” in rural America, is a long rope which guests swing out on and then let go to splash into the lake.

Paddle Board: Imagine a surfboard that you stand on and move across the water using a paddle and you have a paddle board.

Swimming: Swimming in Sunnen Lake is always a guest favorite for cooling off on a hot summer’s day (must pass swim test prior to entering deep end of the roped-off “beach” area).

Water Basketball Hoop: Take your love of water and love of hoops and put them together. Get active and cool off all at the same time.

Water Rock Wall: Climb our water rock wall and see if you have what it takes to get to the top!

Water Slides: Our water slide is a favorite of children of all ages who love being shot into the water.

Water Trampoline: It’s literally a trampoline in the water. Jump off or better yet, perch on the far end and fly through the air and into the water when projected by a person jumping on the near end.

Zorb Ball: Here’s your chance to “walk on water” with this huge ball that you climb inside of and meander about the waterfront.
Team Building Opportunities

By incorporating experiential learning, team challenges and outdoor adventures with facilitated discussions, team building programs and staff strengthen and inspire teams to take on new challenges together.
